

Tap & Go facilitates digital transformation of schools with the launch of campus mobile payment services

HKT (SEHK: 6823) – HONG KONG, September 21, 2020 – HKT Payment Limited, a Stored Value Facilities (SVF) license holder¹, announces the launch of Tap & Go campus mobile payment services in the new school year, offering greater convenience and security.

Tap & Go campus mobile payment services enable parents and students to pay school fees, receive school notices, order school meals as well as textbooks directly on their mobiles anywhere, anytime.

The services are now available on the HKT Education Smart School app, Danny Catering app and Edu Dynamix app with details as follows:

- **HKT Education Smart School** – With this app, parents can receive and sign e-notices from schools, and settle school fees and pay for extracurricular activities through Tap & Go. Parents can also keep track of their children’s learning progress and any special school arrangements by checking the curriculum and homework lists via the app.
- **Danny Catering** – Developed by HKT Merchant Services, the Danny Catering app enables parents and students to pick and pay for their favorite school meals using Tap & Go, simplifying the ordering process and eliminating paper forms. Transaction histories can be viewed with just a few taps. To help parents make healthier choices, the e-menu shows calories, allergy warning and nutritionist recommendations. Danny Catering serves around 90 schools in Hong Kong.
- **Edu Dynamix** – Tap & Go provides mobile payment services for a Modern Educational Research Society Ltd subsidiary, Happy Mind Ltd. Parents can now order textbooks for their children with the Edu Dynamix app and make payments via Tap & Go, circumventing the need to visit physical bookstores. For even greater convenience, textbooks are delivered directly to schools for pickup by students. The Edu Dynamix app is developed by Active Learning Solutions Ltd.

Ms. Monita Leung, Head of HKT Financial Services, said, “Tap & Go is committed to offering innovative, secure and convenient mobile payment services. We are delighted to extend our services to schools, providing parents with a convenient and cashless way to settle school expenses during the pandemic.
