

Tap & Go consumption voucher zone enables easy registration for the Consumption Voucher Scheme

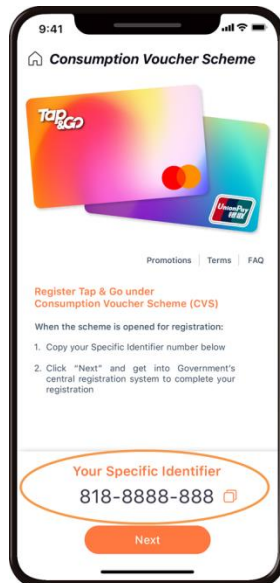

HKT (SEHK: 6823) – HONG KONG, June 18, 2021 – HKT Payment Limited¹ will launch a consumption voucher zone in its Tap & Go mobile wallet app to facilitate Hong Kong citizens to instantly register for the Consumption Voucher Scheme and use the consumption vouchers at physical stores and online platforms of local merchants. This follows the Government’s announcement that the Consumption Voucher Scheme will accept registration from citizens starting from July 4.

From July 4, 2021, Tap & Go users can simply log in to their mobile wallets, click into the consumption voucher zone, copy the specific identifier (available upon updating the mobile wallet from late June), follow the instructions to get into the Government’s central registration system and register for the Consumption Voucher Scheme with the specific identifier. Users will receive an SMS from the Government upon successful registration.

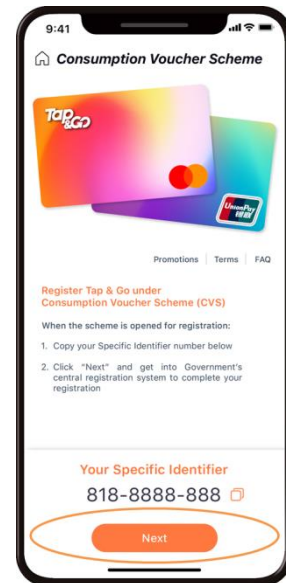

The registration flow in the Tap & Go consumption voucher zone is as follows:

1. Click on the Consumption Voucher Scheme banner at the bottom to get into the Tap & Go consumption voucher zone.

2. Copy the specific identifier.

3. Click “next” to go to the Government’s central registration system and select Tap & Go to receive the consumption vouchers.

cont'd...

Tap & Go enables users to enjoy a secure and convenient shopping and payment experience, with advantages including:

- ✓ Accepted at over 100,000 local points of sale
- ✓ Welcomed at merchants accepting Mastercard², UnionPay³ & FPS⁴ for payment
- ✓ Supports Apple Pay, Google Pay and UnionPay App
- ✓ Retail outlets and online platforms of local merchants (including online platforms that accept Mastercard cards and physical stores in Hong Kong that accept Mastercard contactless payment, and local points of sale and online platforms that accept UnionPay QuickPass or UnionPay QR code payment)
- ✓ Big purchases
- ✓ Real-time transaction history
- ✓ Easy onboarding process
